

TANMAY SOMANI

📍 Indore, India | 📞 +91-6260345425 | ✉ tanmaysomani2003@gmail.com | 🔗 linkedin.com/in/tcode

Summary

AI & ML Engineer skilled in Python, SQL, Power BI, and machine learning. Experienced in building recommender systems, generative AI applications, and cloud-based intelligent solutions for real-world problems.

Work Experience | Internships

AI Intern (HR Visko Group)

Aug 2025 – Sep 2025

- **Optimized** company chatbot via model fine-tuning, improving user response experience for 1500+ users.
- **Designed** and **deployed** ML pipelines for live applications, ensuring scalability and reliability.
- **Implemented** production-grade solutions that improved response times and user satisfaction metrics.

AI/ML Intern (JS TechAlliance Consulting Private Limited)

Jun 2025 – Jul 2025

- **Built** and **fine-tuned** 3 TTS models and ML pipelines, improving voice synthesis and live client applications.
- **Developed** and **tested** ML models for client applications, contributing to production-grade AI deployments.

Smart City Research Trainee (Indore Municipal Corporation)

Jan 2024 – Jun 2024

- **Operated** and **maintained** paper management software, enhancing document handling.
- **Created** reports to help support data-driven decision making leading a team of 12 people.

Education

School of Data Science and Forecasting, DAVV University

2021 – 2026

Bachelor of Technology - Master of Technology (Dual Degree) in Artificial Intelligence and Data Science

CGPA: 8.2 / 10

- Completed certifications in IoT, cybersecurity, Google Cloud.
- Participated in hackathons, collaborative AI/SQL projects.

S.I.C.A. S.S. School No. 2

2007 – 2021

Physics Chemistry Maths + Computer Science (AISSCE)

10th: 92.6%, **12th:** 93.6%

- Awarded in Senior Bal Vigyan for an IoT project; served 3 years as Council Member, developing strong leadership and teamwork.
- Engaged in various extracurricular activities including chess and table tennis.

Projects

LifeLogAI – Intelligent Memory System

- Built a local multimodal AI system to log user activity into a searchable digital memory (Python, SQL, ChromaDB).
- Implemented a privacy-first RAG pipeline with predictive models for task recognition and natural language queries (LangChain, LLMs).

Aetherium – Multi-Agent Workspace

- Devised a collaborative multi-agent workspace for writing, research, and content refinement (FastAPI, ChromaDB, local LLMs).
- Installed a modular AI “Guild” with contextual memory enabling real-time collaboration and structured document management.

Book Recommender System – Machine Learning Application

- Directed a personalized book recommendation platform using ML algorithms, enhancing engagement and discovery of new titles.
- Curated book lists covering 20,000+ titles to improve user engagement and retention.

Shark Tank India Dashboard – Power BI Analytics

- Prepared and launched an interactive dashboard to visualize investment trends, startup performance, and investor insights.
- Integrated data from 5 sources to produce clear reports, enabling informed decision-making.

Volunteering

AIESEC Indore

Aug 2023 – Jul 2024

Head of Outgoing Corporate Sector

- **Facilitated** professional international internships for 100+ youth across Indore.
- **Managed** international partnerships across 10 countries and **executed** marketing strategies to boost brand awareness.

Skills

Technical Skills: Python, SQL, R, Scala, Java, C++, Git, HTML, LaTeX, Bash

Tools & Platforms: Power BI, Tableau, MongoDB, MySQL, GitHub, Jupyter, Docker, FastAPI, ChromaDB, GCP, AWS basics

Soft Skills: Critical Thinking, Time Management, Leadership, Communication, Collaboration, Problem Solving, Research Aptitude

Certifications

British Airways Data Science Job Simulation (Forage)

- **Scraped** and **analyzed** 5000+ customer review data to uncover endings
- **Built** a predictive model to understand factors that influence buying behavior.

Google Cloud Fundamentals

- Used **GCP tools** for scalable cloud solutions, including data storage, computation, and machine learning to drive business solutions.

Languages

English (Proficient), Hindi (Native)

Research Publications

Comparative Analysis of Federated Learning (FL), Reinforcement Learning (RL) and Evolution Strategy (ES) in Gaming Environments
